

Directory of Practicing **MANAGEMENT ACCOUNTANTS** 2014

**Institute of Cost and Management
Accountants of Pakistan**

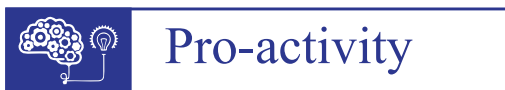

Vision

“To be the Preference in Value Optimization for Business”

Mission Statement

“To develop strategic leaders through imparting quality education and training in Management Accounting, to continually set and upgrade professional standards and to conduct research, bringing value-addition to the economy.”

Core Values

Message from President And Chief Executive

The “Directory of Practicing Management Accountants 2014” is in continuation of ICMA Pakistan efforts for the advancement of best Corporate Practices in the Industry.

The elements behind this success is the relevant education, exposure and enthusiasm of Management Accountants to provide their top quality services to the industry.

In this ever changing business world, managing business activities in an efficient manner is a great challenge for management. To meet these challenges in an effective mode, Management Accountants are the best resource as Management Advisors and such Professionals have the proven track record of success in the corporate market.

The information about the Management Accounting Firms is clearly highlighting the important role of Management Accountants, as Management Professionals, which also facilitate to the Government and Regulators to achieve their objectives of Corporatization and Economy Documentation in the county with the proficiency of Management Accountants.

I expect that this “Directory of Practicing Management Accountants 2014” will be useful for all relevant stakeholders of the economy.

Zia-ul-Mustafa, FCMA
President & Chief Executive
ICMA Pakistan

Message from Vice President and Chairman TSPD Committee

I am pleased to present “Directory of Practicing Management Accountants 2014”. This is the second Directory published for the benefit of stakeholders including members, Government, Businesses and other service seekers to select competent consultants for their services requirements.

The response from stakeholders for previous directory was overwhelming and I am thankful for encouraging remarks.

Practicing Management Accountants provide consulting support to the businesses in designing and implementing financial & ERP systems, financial and cost analysis, business and management consulting, business planning and feasibilities, revival of sick industries, budgeting, strategy definition and implementation, internal controls, cost and financial audits, tax and corporate planning, business process outsourcing, and capacity-building etc.

CMA Firms have been involved in supporting, planning, controlling, and coordinating the decision-making activities of businesses. In view of increased competition, the importance of CMA's cannot be over-emphasized to support businesses in achieving efficiency and competitiveness and meet statutory compliances.

I am grateful to Directorate of Technical Support and Practice Development and appreciate the efforts by Mr. Tariq Javed Kamboh and his team for his coordination and efforts. I also appreciate Technical Support and Practice Development Committee for their support and efforts in this regard.

Ghulam Mustafa Qazi, FCMA
Vice President
Chairman, TSPD Committee
