

**Two Make-up Attempts for the Students of Professional-III and Professional-IV
of Syllabus 1998**

I am pleased to announce that National Council of ICMAP has very kindly considered the plea of the students of Syllabus 1998 and decided to allow two make-up attempts of Fall 2008 and Spring 2009, provided the examinees:-

- 1- take provisional admission immediately in the subjects of Integrated Management Stage-4 and Management Accounting Business Strategy Stage-6, under 2005 Syllabus.
- 2- will be required to appear in the examination of Fall 2009 in the above two papers, if they will not be able to clear all papers of Syllabus 1998.
- 3- take Comprehensive Examination after completing upto Stage-6 examination (post merger).

As this is going to be the last opportunity for students of 1998 Syllabus. I hope that you will work hard and clear all the remaining papers within the allotted time frame.

Sher Afgan Malik
President ICMAP
