19th SHOAB MEMORIAL LECTURE
Theme: Advancements in the field of Management Accounting

Dear Member,

The Institute of Cost and Management Accountants of Pakistan is indebted to its founder Mr. Muhammad Shoaib without whose vision and initiative the profession of cost and management accounting might not have taken off in this country. He saw in the early years after independence that the profession could make an invaluable contribution to the effective and efficient use of the scarce resources and industrialization of Pakistan and founded the Institute in collaboration with the other distinguished persons in the accounting profession. It is in the memory of our founder President, and as a humble token of gratitude, the Institute periodically organizes the Shoaib Memorial Lectures. Speakers of international repute have delivered these lectures on the topics of current interest. To date, eighteen such lectures have been organized.

The CPD, Seminars and Conferences Committee of ICMAP has decided to organize 19th Shoaib Memorial on **Tuesday, March 09, 2010 at Lahore.**
