Recognition of ICMAP Qualification by National Academic Recognition Information Centre (UK NARIC)

Dear Members,

The National Academic Recognition Information Centre (UK NARIC) provides a service for individuals seeking information on comparability between international and UK academic qualifications. This service is intended to assist those with overseas qualifications to progress towards further studies and employment in the UK.

It is a great pleasure to inform you that National Academic Recognition Information Centre (UK NARIC) after assessment of ICMAP qualification has taken the following decision:

“The broad indications on the basis of current evidence suggest that ICMAP Chartered Accountants Examination Certificate may be considered broadly comparable to British Bachelor (Ordinary) degree standard whilst the ICMAP Associate Cost Management Accountant is broadly in line with the British Postgraduate Certificate. The ICMAP Fellow Cost Management Accountant may broadly be aligned to the British Postgraduate Diploma.”

It is a great achievement for our members.

For getting more information and assessment procedure, please visit UK NARIC website on the following address: <http://www.naric.org.uk>.

Sher Afgan Malik
President, ICMAP
