Q.2 (a) Investor Limited acquired 27 million Rs.10 shares of Investee Limited on January 1, 2008. This acquisition was effected by means of an exchange of 3 shares in Investor Limited for every 5 shares in Investee Limited. In addition, Rs.100 million were to be paid after two years.

Market price of Investor Limited's shares at acquisition was Rs.20 each. (Considering 12% as cost of capital of the Investor Limited, PV of Rs.1 receivable in two years time may be taken as Rs.0.797).

Fair value of the plant at acquisition was Rs.25 million against the book value of Rs.20 million. The plant had a remaining useful life of 5 years. Depreciation is to be charged using straight line method.

At acquisition, Investee Limited had unrelieved tax losses of Rs.25 million. Directors of the Investor Limited believed that these losses could be utilized and hence should be recognized as deferred tax asset. Share capital and reserves of Investee Limited at acquisition were Rs.300 million (of Rs.10 each) and Rs.25 million respectively. Applicable tax rate is 35%.

### **Required:**

Find goodwill at acquisition.

(b) Alpha Limited acquired 65% of share capital of Beta Limited for Rs.2.6 million on October 01, 2008 when the book value of the net assets of Beta Limited was Rs.3.35 million. The statements of comprehensive income for the year ended March 31, 2009 were:

	Alpha Ltd. (Rs. '000)	Beta Ltd. (Rs. '000)
Sales	5,000	2,910
Cost of goods sold	(3,000)	(2,120)
Gross profit	2,000	790
Administrative expenses	(1,000)	(150)
Selling and distribution expenses	(650)	(180)
Operating profit	350	460
Other income	230	0
Financial charges	(50)	(210)
Profit/(loss) before taxation	530	250
Taxation	(300)	(70)
Profit/(loss) after taxation	230	180

## Additional information:

- On October 01, 2008, Beta Limited issued Rs.1.8 million 5% debentures to Alpha Limited. Both companies have accounted for the interest receivable/ payable at 31st March 2009.
- (ii) The fair value of the plant of Beta Limited on October 01, 2008 was in excess of its book value by Rs.200,000. The plant has remaining useful life of 20 years at that date. Beta Limited has not adjusted its accounting records to reflect fair value.
- (iii) Beta Limited sold goods amounting to Rs.360,000 at a mark up of 20% on cost. Rs.60,000 of goods were still unsold at the end of the period.
- (iv) Both companies use straight-line method of depreciation and charge a full year's depreciation in the year of acquisition and none in the year of disposal. Depreciation on fair value adjustments is time apportioned from the date of acquisition.
- (v) It is the group's policy to value non-controlling interest at its proportionate share of the fair value of the subsidiary's identifiable net assets.

### **Required:**

Prepare the Consolidated Income Statement for Alpha Group for the year ended March 31, 15 2009.

**Q.3** Following are the financial statements of Pakistan Products Limited:
