**ZAKAT**

**Calculation**

### Dear Members & Qualified,

Zakat literally means to increase. Technically it means to purify one's possession of wealth by distributing a prescribed amount which has to be given to the poor as a fundamental Ibaadat.

Allah Ta'ala says in the Qur'aan: "(Take from their wealth Zakat so that you may cleanse them and purify them there-with.' (Tawbah 102). This Aayat points to the fact that Zakat is not a governmental tax, but its main purpose is to keep those who are wealthy clean monetarily from sins.

The Karachi Branch Council is going to organize "Seminar on Zakat Calculation" Thursday, May 25, 2017 at ICMAP Hyderabad Campus. We have invited the members of the above group to share their research outcome with your goodself. Consequently, KBC and PAFO cordially invite all the Professionals alongwith their colleagues to attend Zakat Seminar.
