**CIRCULAR**

**Relaxation to Existing Students to Claim  
Exemption in Remaining Subjects**

The National Council is fully committed for quality education of ICMA Pakistan students. To ensure the same, the criteria for granting exemptions on the basis of academic qualifications viz B.Com, M.Com, MBA etc was approved as per Notification dated 21<sup>st</sup> February, 2015. In this context, the Council was of the view that the students should be trained and equipped in all core subjects, which would facilitate them in their practical life and future career.

However, various students (from all over country), who got admissions / enrolled before promulgation of new policy, took instances that they were committed / assured by the Institute at the time of admission for grant of exemptions in certain subjects on the basis of academic qualifications as referred above.

Therefore, in order to remove the grievances of those students, the competent authority has allowed 30 days time [one month] from the date of this Notification to all such students to avail exemptions in the remaining courses for which they were eligible under the previous policy.

Moreover, those students who have already paid coaching/DLP fee of the courses in which they were eligible for exemptions will be adjusted in exemption and excess amount in other future fee.

**Note:** It has also been decided that it will be the last and final chance for the existing students to avail exemptions in remaining courses. After expiry of 30 days time [one month] from the date of this notification no request for further extension or relaxation will be entertained.

All concerned may please note for strict compliance.

Regards,

**Rehana Ali**
