CIRCULAR

MANDATORY MOCK SESSION

It has been observed that students get lower score in the examination due to lack of practice and understanding of the examination questions to be tested in the papers. Any exam preparation is incomplete without practicing the topics students are studying. For getting the best results, students should start their preps, understand concepts, learn the basics and then start applying those concepts while they are appearing for mock tests. This will help them review their own level of understanding the study material. Practicing mock tests provides a better perspective of what kind of questions will appear in the exam. They also help in improving the score in final examinations.

Keeping in view the significance of practice / preparation of final examination, CBE MOCK session is available online in the student portal at <https://www.icmap.com.pk/HomePage-Student.aspx> in order to facilitate students to achieve good grades by understanding concepts and problems and analyze their mistakes under real exams simulation.

Mock tests are replicated tests based on CBE exam's pattern therefore, it is mandatory for all the students to attempt the MOCK session before the date of commencement of examination by using login ID and password already issued by the respective campuses.

All concerned may please note for compliance.
