## **PREAMBLE**

Institute of Cost and Management Accountants of Pakistan (ICMA Pakistan), under section 5(7)(a) of the AML Act, has been designated as an AML/CFT Regulator/Supervisor of its members through the Finance Division, Government of Pakistan notification dated December 23, 2019. Thereby requiring the Institute to act as a Self-Regulatory Body (SRB). As an SRB, the Institute is obligated to prescribe regulatory and supervisory measures for the cost and management accountants in practice falling under the scope of this Framework, for customer due diligence and record keeping as well as ensuring compliance with the provisions and obligations specified under the AML Act. The Financial Monitoring Unit (FMU) has issued Anti-Money Laundering and Combating Financing of Terrorism Guidelines for Designated Non-Financial Business Professions. FMU has instructed the AML/CFT Regulator/Supervisor, including the Institute, to follow these guidelines for issuing their own AML/CFT regulations/framework.

In this regard, ICMA Pakistan is delighted to publish the first version of Frequently Asked Questions (FAQs) on AML & CFT. The purpose of preparing the FAQs on Anti-Money Laundering (AML) and Counter Financing of Terrorism (CFT) is to provide guidance and assistance to the Cost and Management Accountants (CMAs) in order to assist their better and clear understanding and effective performance of their statutory obligations under the "Framework for Regulation and Supervision of Cost And Management Accountants (CMAS) to Comply with the Requirements of Anti-Money Laundering and Countering the Financing of Terrorism (AML&CFT) issued by ICMA Pakistan and legal/ regulatory framework in force in Pakistan in addition to the international legislation on AML and CFT.

These FAQs are designed to facilitate CMA Firms to easily grasp and implement their obligations under the above AML Framework and to comply with the regulatory expectations for Anti – Money Laundering and Sanctions Compliance. The FAQs have been prepared for illustrative purposes only.

## **SECTION I – GENERAL QUESTIONS**

### **1. What is the applicability Criteria of members for the purpose of AML / CFT Compliance requirements?**

The Institute's AML Framework deals with the responsibilities of the Institute's Members in Practice that in the ordinary course of business are engaged in the rendering of "Accountant" and "Trust and Company Service Provider" services, as specified. Such Members in Practice have to comply with specific customer due diligence, record keeping and other AML / CFT Requirements as per the AML Framework.

### **2. What is meant by "Accountant" for the purpose of AML Framework?**

"Accountant" means sole practitioners, partners or employed professionals within professional firms when they prepare for or carry out transactions for their client concerning:-

- the buying and selling of real estate;
- buying and selling of business entities;
- the managing of client money, securities or other assets;
- the opening or management of bank, savings or securities accounts;
- the organisation of contributions necessary for the creation, operation or management of companies; or
- creation, operation or management of legal persons or arrangements

Explanation: The term "Accountants" is not meant to refer to 'internal' professionals that are employees of other types of businesses, nor to professionals working for government agencies, who may already be subject to AML/CFT measures.

### **3. What is a Trust or Company Service Provider under the AML Framework?**

A trust or company service provider is any person whose business is to provide any of the following services:-

- a) Forming companies or other body corporates;
- b) Acting or arranging for another person to act;
  - (i) as a director or secretary of a company
  - (ii) as a partner of a partnership; or
  - (iii) in a similar capacity in relation to other legal persons;
- c) Providing a registered office, business address, correspondence or administrative address or other related services for a company, partnership or any other legal person or legal arrangement; and;
- d) acting, or arranging for another person to act, as a trustee of an express trust or similar legal arrangement.

### **4. Please give some examples of Services that can be categorized as 'Accountant' or 'Trust and Company Service Provider' (collectively called Specified Services).**

Some of the common examples of Services that can be categorized as 'Accountant' or 'Trust and Company Service Provider' (collectively called Specified Services) are as under:-

#### **Managing client funds, accounts, securities, or other assets**

- The practicing firm is engaged in managing payments to or from its clients' accounts as a specified service; and, with the exception of payments for professional fees, any instance where the practicing firm receives or holds client funds and controls the payment of those funds will also be specified service.
- The key determining factor is whether the practicing firm has control over the flow of funds (if it has the

control then the activity is specified service).

- Taking a payroll situation, for example, if practicing firm is preparing the vouchers or uploading the payments in the system that are then actioned by the client, in such a case the practicing firm is not controlling the funds, rather client is. However, if practicing firm is authorizing salary payments from the client's account directly into client staff's personal accounts, then this is a specified service.
- The practicing firm has the authority to make payments on behalf of its client's business directly from client's bank accounts.
- The practicing firm makes investments on behalf of a client in securities and/or other assets using funds from the client's bank accounts which practicing firm has the authority to transfer.
- The practicing firm manages the sale and / or purchase of trust assets for the client using funds from the client's bank accounts which practicing firm has the authority to transfer.
- The practicing firm disburses the funds generated from a company's winding up / liquidation to a creditor in line with the relevant administration requirements.

#### **Acting as a formation agent for legal persons or legal arrangements**

- This activity refers to forming a legal person (such as a company) or legal arrangement on behalf of a client; for example, registering a company with the SECP.
- The activity does not include instances where the practicing firm simply provides advice about formation of a legal person that is acted on by either the client themselves or a third party. In the case of forming a company, if client asks a lawyer to get the company registered in accordance with the practicing firm's advice, the specified service would be undertaken by the lawyer and they would have to apply their AML / CFT compliance program to that activity/ service.
- Example of that kind of activity would be the Incorporation / Registration of a company with the SECP on behalf of a client.
- Example of that kind of activity would be the Incorporation of an entity (partnership/ firm/ society/ company etc.) on behalf of a client.

#### **Acting, or arranging for another person to act as a director or secretary of the Company or a partner in a partnership firm**

- This activity refers to the scenario where the Practicing firm / member is acting as a Director of a company or a Partner in a partnership concerns. This also includes where the firm has arranged any other person to act in this capacity.
- This activity will be classified as a specified service only if the practicing firm has the authority to act or arrange a person as a director of the company or a partner in a partnership concern.
- Where the firm has only assisted the company / partnership in appointment of director / partner by sharing the database of the individuals and the firm has no authority with regards to the selection process of the candidate, that service will not be classified under the Specified Services.

## **Providing an office or address for a company or legal arrangement**

- A practicing firm which, in the ordinary course of business, provides a registered office or a business address, a correspondence address, or an administrative address for a company, or a partnership, or for any other legal persons or arrangement, is a specified service.

### **5. What is meant be “arranging” for someone to act?**

Arranging for someone to act in a particular capacity has a narrow meaning. An example would be if the Reporting Firm has provided a client with a company director, selecting the director without further reference back to the client and completing some or all of the formalities to appoint the director. It does not include the normal process of headhunting or advertising to find a suitable candidate for a position that a recruitment agency would carry out.

### **6. What does in the ‘ordinary course of business’ mean?**

Whether an activity is in the ordinary course of business is ultimately a question of judgment and depends on the nature of the entity’s business. There is no bright – line test to determine the answer, and that is because all businesses are different. However, some relevant factors to take into consideration would be whether the activity:

- Is normal or otherwise unremarkable
- Is frequent
- Is regular (meaning predictable, consistent)
- Involves significant amounts of money
- Is a source of income
- Involves significant resources
- Involves a service offered to customers

Filing of Statutory forms for the Incorporation of the Company or Body Corporate is mentioned in the definition of the “Trust or Company Service Provider” and, therefore, classified as a Reporting Activity.

### **10. Whether filing of Statutory forms / Annual Returns (Form A / B / 29 / 45) on behalf of the Company in accordance with the Companies Act, 2017 classified in the reporting activity as per the AML Framework?**

Once the company is formed, the filing of Statutory Forms / Annual Returns is a regulatory requirement under the provisions of the Companies Act, 2017, therefore, does not fall under the Reporting Activity as per the AML

Framework.

**11. Are outsourcing of trainees to finance departments fall under definition of "Accountants"?**

**12. As an auditor, if the firm is only certifying receipt of subscription money of its client in case of right issue, does it come under the category of reporting firm?**

The applicability of the AML Framework is based on Services provided by the firms. Hence, there is no financial limit / threshold / benchmark for the firms to be classified as a Reporting firm.

**19. Will the gratuitous services (for which no consideration is paid) provided as accountant or trust service provider be classified under reporting firm?**

The firm will also be classified as a Reporting firm if the services of 'Accountant' or 'Trust and Company Service Provider' are provided without any consideration or professional fee.

**20. Where firm is providing support services like mailing address for receiving notices and bank statements in client's name, is that firm a reporting firm?**

Yes, for Resolution of Queries related to AML Framework compliance, the ICMA Pakistan has developed a dedicated Email Address as under:

[aml.supervisor@icmap.com.pk](mailto:aml.supervisor@icmap.com.pk)

**25. What are Politically Exposed Persons (PEPs)?**

"Politically exposed persons" or "PEPs" – means any person entrusted with a prominent public function by the State of Pakistan, a foreign country or an international organization and includes Heads of state or government, and members and senior officials of legislature, judiciary, executive, military and regulatory authorities, and senior executives of corporations, departments or bodies that are owned or controlled by the state.

**26. At what level / grade / designation officers should be considered as PEP?**

Reporting Firm shall implement appropriate internal risk management systems, policies, procedures and controls to determine if any customer or a beneficial owner is a PEP. However, the reporting firm should consider the nature of the prominent public function held by the PEP (e.g. level of seniority, access to or control of public funds and the nature of the position).

**27. Is there a time limit to declassify a customer as PEP who is no longer a PEP?**

The entity should consider the level of influence that the individual could still exercise and whether the individual's previous and current function are linked in any way.

**28. "Based on the law and framework, it is my understanding that the definition of 'accountant' so far as it refers to 'prepare for or carry out transactions for their clients' relates to 'preparation and being part of actual execution process and documents for a transaction' in the first part and 'execution of actual transaction for and**

**on behalf of the client' on the other part. The decision-making process of the client behind their decision making to carry out the instant transaction, of course, cannot be taken to be included in this ambit. For example, if a client engages a person for services in respect of general advice about valuations in a market where the client operates or valuation of a particular entity, or for legal position in respect of certain legal provisions like applicability of a particular tax or so on, these do not fall within the above definition of Accountant.**

The wording of the definition is "preparation for OR carry out transactions for" so it does not require the accountant to be part of the actual execution of the process - indeed, attempted but non-completed transactions are captured under FATF preventive measures obligations. If the account is preparing for a transaction that does not get processed to completion, this requires the same due diligence as once that was completed, and is indeed covered under the activity definitions. However, "advice" as such is not covered (either general advice about market valuations or legal advice) as a relevant transaction. The types of transactions covered include (i) buying and selling of real estate, (ii) managing client money, securities or other assets, (iii) management of bank, savings or securities accounts, (iv) organization of contributions for the creation, operation or management of companies, (v) creating, operating or management of legal persons or arrangements, and buying and selling of business entities. So if the accountant prepares paperwork for the purchase of a company that does not go through, that is covered. But advice on the valuation of a company would not be covered.

**29. If a person is being nominated by the Government as a Director in a company does the person bear status of Trust or Company Service Provider?**

It's not clear to me under what circumstance this would happen, but technically there is no exemption for government appointed Directors. If this is a government appointed position where acting as the Director is the person's employment, then I don't think that they would qualify. However, if the individual was appointed in their capacity as an accountant to take over the Director job and is being paid for this as a service rendered to a client (that client may be the government in this case), then I think that it would.

**30. A Member in practice fall under the definition of "Trust and Company Service Provider", when he is acting as a director of a company, as a 'service provider' to client or holding the company as a Trust, whether a member in practice will fall under the definition, solely because he is designated as the director of a Private Limited Company, in which he genuinely hold shares. (For clarification in query: Such a director would not be involved in routine operations and would hence be a non-executive director of a Private Limited Company).**

It is correct that the member would only count as a Trust and Service provider if he/she is acting as the director of a company as a service provider (if he/she is being paid for the service of acting as a Director or if they are doing so as part of their paid employment). If the member is not being paid to act as a Director and it is doing so based on their own interests then no, they would not be captured as a TCSP.

**31. If a Member is Authorized by the promoters of the company to present them before SECP to submit application/ documents for grant of license u/s 42 of the Companies Act, 2017, to make amendments in the documents and to collect license on their behalf, will he fall under the definition of "Trust and Company Service Provider. It is to be noted that, incorporation of Company is a separate process and it is possible that Company was already incorporated (it's the renewal of license case) or it will be incorporated afterwards.**

I think this depends on whether or not the Member is presenting themselves as the ongoing contact for the company. From the description it seems that the activities described would qualify as "providing a registered office, business address or accommodation, correspondence or administrative address for a company, partnership or any other legal person or arrangement."

**32. If a partner of any CA firm is a trustee in his personal capacity in a trust, will that fall under the definition as provided under (xix) (d) of the Definitions para. under the AML Framework. Since, as a firm no service is being provided to 'act' as a trustee? To clarify he is not 'acting for another person' and doing so in his personal capacity.**

Similar to the question about acting as a Director in personal capacity, the act of serving as a trustee is only covered in the event that the accountant is being paid to perform that role by a client. Whether or not it is part of a firm-provided service is not relevant though, it is whether it is a service provided to a paying client.

**33. If a partner is a director in a company in which he himself has a stake (meaning he is a substantial shareholder, and it is his personal business), again he is not acting as a director on behalf of another person but is a director since he himself is a stakeholder. Will that fall under the definition as provided under (xix) (b) of the Definitions para. under the AML Framework?**

It is only covered if it is a service being offered to a client, and for which the accountant is being paid for by the client. As there is no client in this scenario, it would not be covered.

**34. If a practicing member of ICMA Pakistan is also a director of a limited company, does he need to report activities of that limited company as Suspicious Transactions under the ambit of the AML Framework of the ICMA Pakistan?**

If an accountant needs to report on the activities of a company for which it is acting as a director as part of its service to the client. In this case the company would be the client of the member/accounting firm and if the accountant identifies transactions that might be suspicious then yes they would have to be reported to the FMU.

RBA requires the Reporting Firm to identify and assess the reasonable possible risks relating to Money Laundering (ML) / Terrorist Financing (TF) that their business may face. In making this assessment, the Reporting Firm is required to consider:-

- The nature, size and complexity of the Reporting firm’s business;
- The diversity of a Reporting firm’s operations, including geographical diversity;
- The Reporting firm’s clients, products and activity profile;
- The degree of risk associated with each area of Reporting firm’s operations; and
- The extent to which the Reporting firm is dealing directly with the client or is dealing through intermediaries, third parties, correspondents or non-face to face access.

For details regarding the risk assessment approach to be adopted, please refer Section I of the AML Framework. Further, the ‘National Risk Assessment Report, 2019 (NRA)’ will help the firms in accessing this risk. To obtain the NRA, please contact at [aml.supervisor@icmap.com.pk](mailto:aml.supervisor@icmap.com.pk)

Sole Proprietor must designate an employee to be the Compliance Officer. However, if there are no employees, then the Sole Proprietor may either appoint a Compliance Officer or may act as the Compliance Officer himself. The Compliance Officer can carry out other duties not related to AML / CFT compliance. It does not have to be a standalone position.

A clear cycle should be indicated for each risk category or type of customer / client, for example at least once a year for high risk cases, at least once every two years for medium risk cases and every three years for low risk cases, or

where a review is triggered by a defined event.

**48. When can Simplified Due Diligence measures be applied?**

No. STR should be generated where an attempted transaction gives rise to knowledge or suspicion of Money Laundering / Terrorist Financing.

### **53. What is the procedure to file STR / CTR?**

The Financial Monitoring Unit (FMU) has developed an online portal for the filing and submission of STR / CTR. The portal is called goAML (<https://goamlweb.fmu.gov.pk/PRD/Home>).

The reporting firm will be required to register themselves on the portal for the purpose of filing the STR/ CTR.

### **54. Is there a requirement to file STR with the Institute?**

- e) Notify the National Counter Terrorism Authority, in case that person is designated under the Anti-Terrorism Act, 1997.

## **SECTION VI – ULTIMATE BENEFICIAL OWNERSHIP**

### **60. What is meant by Ultimate Beneficial Owner?**

“Beneficial owner” means the natural person who ultimately owns or controls a customer or the person on whose behalf a transaction is being conducted and includes legal heir(s) and the person who exercise ultimate effective control over a person.

### **61. How would you differentiate between direct or indirect ownership or control?**

Direct owner refers to individuals and entities who directly own shares in any legal entity. For example, if you own 25% of the shares in a particular entity, you become a direct owner. A direct owner need not necessarily be an individual (natural person) and can also be another entity as in the case where the parent company is a direct owner in its subsidiary. A person can be an indirect owner, if a company or any other business entity in which he has shares, owns another company. For example, if Company ‘B’ is owned to the extent of 25% by Company ‘A’, and Company ‘A’ is owned to the extent of 50% by a natural person, then the said Person is an indirect owner of Company ‘B’ through Company ‘A’, to the extent of 12.5% ownership in Company ‘B’ i.e. 50% of 25%.

### **62. How would you differentiate between beneficial ownership and legal ownership?**

Ownership is the right to possess, use, sell, donate or give as a gift any asset or property belonging to a person known as the “owner.” An owner can either be a beneficial owner or a legal owner.

A legal owner of an asset may either be a natural person or a legal person that holds the legal title of that asset. On the other hand, a beneficial owner is the person with the right to enjoy or benefit from the asset – this can include the right or entitlement to any income from the property. In majority of the situations, the same person is the legal owner as well as the beneficial owner. A beneficial owner must always be a natural person, as a legal person cannot exert “ultimate” control over an asset or entity. This is due to the fact that legal persons are always controlled, directly or indirectly, by natural persons.

### **63. How would you differentiate between a legal person and a natural person?**

Legal persons are any legal entities which are formed and established through a law, such as public companies, private companies, limited liability partnerships, associations not for profit, etc. registered under the Companies Act, 2017.

Natural persons are individuals, who for the purpose of FATF recommendations, shall be recognized as ultimate beneficial owners if exercising ownership and control rights in companies indirectly through legal persons.

## **SECTION VII – RECORD KEEPING**

### **64. What is meant by Record in the context of AML Legislation?**

Records means information related to client due diligence, enhance due diligence, business relationships, or transactions (domestic or International) and all information related to STRs and CTRs.

### **65. For how long, the reporting firm is required to keep the records?**

Records related to Customer Due Diligence, business relationships and enhanced due diligence shall be kept for a minimum period of five years. Further, the records related to STRs and CTRs shall be kept for a minimum period of ten years from the date of filing of STR / CTR.
