About IPSAS

International Public Sector Accountants Standards (IPSAS) have been developed to enhance the quality, consistency and transparency of public sector financial reporting worldwide. They are increasingly being adopted globally and individuals holding a professional accountancy qualification can benefit from this trend by developing competency and skills around IPSAS Standards by taking Cert IPSAS. For individuals who are not professional accountants, but have experience of IPSAS® implementation in their respective organisations, Cert IPSAS offers them a formal recognition of their IPSAS® knowledge.

What is the ACCA Certificate in IPSAS?

The ACCA Certificate in International Public Sector Accounting Standards (Cert IPSAS) is a cost effective online IPSAS course from ACCA. Full course details can be found at: <http://www.accaglobal.com/pk/CertIPSAS>
